Do you, or does anyone in your household, have a financial or employment interest in any healthcare related business?:

No

Should the state be advertising and otherwise promoting the vaccine using taxpayer dollars? Why or why not?:

Absolutely not!

Should the new legislature re-elect or replace current leadership?:

Replace current leaders

Did ADH and ABC have authority to issue the mask-related fines to small businesses last year?:

No

Should the legislature force ABC and ADH to return the mask-related fines collected last year?:

Yes

What is your position on SB 730 (the Garner bill)?:

For

What is your position on SB 731 (the Ballinger bill)?:

For

What is your position on SB 732 (the Blake Johnson bill)?:

For

What is your position on SB739 (the Hammer bill)?:

Against

Do you believe the state has to respect and otherwise enforce unconstitutional federal mandates? At what point does state sovereignty apply?:

Absolutely not! I fully supported Stubblefield's Arkansas Sovereignty Act! Btw, I am against SB739 because it's wrong for them to force you to take some kind of medical test!

Are you, or is anyone in your household, a public school teacher or otherwise employed by a public school?:

No

Do you believe that CRT, or some form of it, is currently being taught in Arkansas schools?:

Yes

What is your position on CRT?:

It. Must. Be. Completely. Eviscerated! It is evil! It is child abuse!!!

What is your position on school choice? If you support it, what form do you support (e.g. complete choice, limited vouchers, choice limited to other public schools)?:

Complete choice!

Should any abortions be legal in the state of Arkansas?

Please explain.:

Absolutely not! We are created in the image of God at conception. Abortion must be abolished!

Are you in favor of the concept of limited government, and do you commit to support the Republican Party platform as written?:

Yes, 100%

Do you support reducing / eliminating the state income tax? If so, what process would you support to accomplish it (e.g. gradual reduction, drastically cut state government, increase sales or property tax)?:

Drastically cut state government for sure. I don't like the idea of raising any kind of tax. We have a 1.2 billion surplus for goodness sake!

Have you accepted (or would you accept) money from Tyson, Walmart, the state chamber, or the hospital lobby?:

No

What bill should the legislature pass immediately to do the most good for Arkansans?:

Abortion must be completely abolished. No exceptions.

Why did you choose to run specifically for this office and not another one?:

I have spoken with a number of people in the last three days who have come to the realization Sarah Huckabee Sanders is not a conservative. Her endorsement of French Hill was the last straw. I have never considered

running for office before. But my wife and I prayed about it and if the Lord provides the filing fee - and I believe He will - I will be a candidate for the Republican Gubernatorial nomination.

On which legislative committee are you most interested in serving, and why?:

I don't think that applies to the office I am seeking.

What is your top priority once in office?:

We must abolish abortion.

Is there anything else you would like to share?:

We must respect the US and Arkansas constitutions. We must lower taxes across the board to finally become competitive with our neighboring states. We must completely overhaul our child welfare system. DCFS agents must wear body cams, and must not enter homes without warrants. They must read parents their Miranda rights. Either DCFS or ASP CACD must be done away with. We are the only state that duplicates that effort. I will require the resignation of the director of each state agency to be on my desk on Inauguration Day. Most of them are liberals anyway. If a case can be made that any of them will actually follow the constitution, I will consider retaining him. But I doubt there will be many of them. I can come up with more, but I think this is a good start.
