

## **Re-Open Arkansas endorses Greg Payne House District 13**

In the early days of the shutdown and unconstitutional executive branch mandates, Reopen Arkansas was searching for a legal solution. Our constitutional rights were clearly being trampled, but no lawyer wanted to take on the governor. Enter Bentonville Attorney Greg Payne, who was willing to sue the state, the governor, and the Department of Health. Throughout the process, Greg remained stalwart in his position that the law was on our side. Since that initial lawsuit, he has represented scores of public school parents against tyrannical school boards over forced-masking. Other candidates will claim conservative credentials or support of constitutional principles, but Greg Payne has walked the walk, literally battling in court to preserve our natural and constitutional rights. The citizens of Arkansas can greatly benefit from having a constitutional lawyer fighting for us in the state legislature. That's why we wholeheartedly endorse Greg Payne for Arkansas House District 13, and we encourage our members to generously support his campaign.

Payne policy positions important to Reopen Arkansas:
