

PRESS RELEASE

Doc Washburn statement on Arkansas Supreme Court ruling in CV-21-498

“The Arkansas Supreme Court just ruled that school districts can force-mask your children. In their statement, they essentially say that the school knows what is best for your children and that their authority supersedes yours as parents.

The Arkansas Supreme Court will not protect your kids, but I WILL. On day one of the Washburn administration, I will issue an executive order preventing any school from forcing anyone to wear a mask - students, parents, teachers – anyone. This executive order will immediately be followed by legislation reflecting the same, which we are already working with lawyers and legislators to draft.

We must protect the fundamental God-given and constitutional rights of Arkansans. My opponent has repeatedly proven that she will allow woke corporations and school districts to run roughshod over your rights. I will end that on day one by returning power to you, the people of Arkansas. You don't need a school or employer making decisions for you or your children. You are capable of making your own medical decisions. I'm Doc Washburn, the conservative Republican candidate for Governor of Arkansas, and I will stand behind your right to decide what is best for you and your family.”
